Our club is very loosely organized, there are no dues, no ama memberships required (although it wouldnt be a bad idea to have a membership), no politics, just fun.

The best way to joining the club is just to start flying frequently with us, show up at the flying sites and start posting on our rc groups forum. All are welcome to join us. Since we love combat the more the merrier. Although if your on a 72 mhz frequency make sure to check with others for channel conflicts before flying.

We focus on electric, combat, wings and all other aspects of flying.

Come join us. We are looking forward to flying with you!
